

Norman's Nutty Adventures Issue No. 5

Why support a ban on smoking in parks and playgrounds?

- There is no safe level of second-hand smoke, not even outdoors
- Reducing children and youth's exposure to smoking decreases the likelihood of them starting to smoke
- Cigarette butts contain toxic chemicals and can be dangerous if ingested by children or animals
- Smoke-free spaces help people who smoke to quit
- Protecting the environment - cigarette filters can take up to 15 years to break-down

What You Can Do

- Sign the petition to show your support for smoke-free parks, playgrounds and playing fields in Norfolk County.
- Spread the word! Talk to your family and friends about the issue and ask them to support smoke-free parks and playgrounds, too.

Thank you!
