

Today's lesson:

Healthy Students are Better Learners

Health affects education AND education affects health

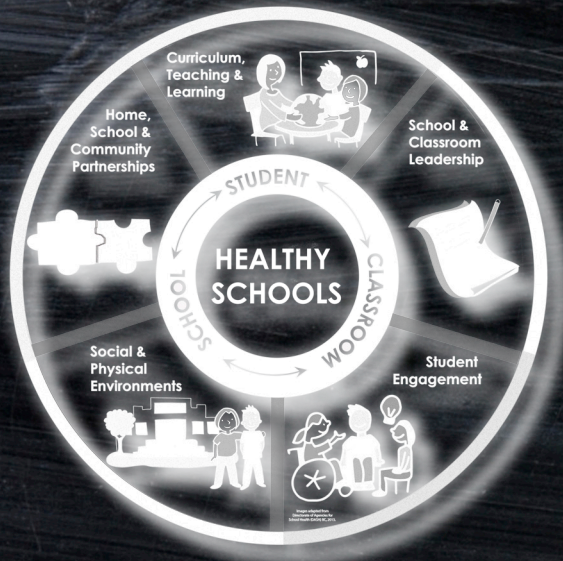

Solution: Comprehensive school health

- ✓ looks beyond the classroom and curriculum
- ✓ involves students, staff, parents and community
- ✓ creates physical and social environments that promote and encourage healthy behaviour
- ✓ makes schools a healthier place to live, learn and work

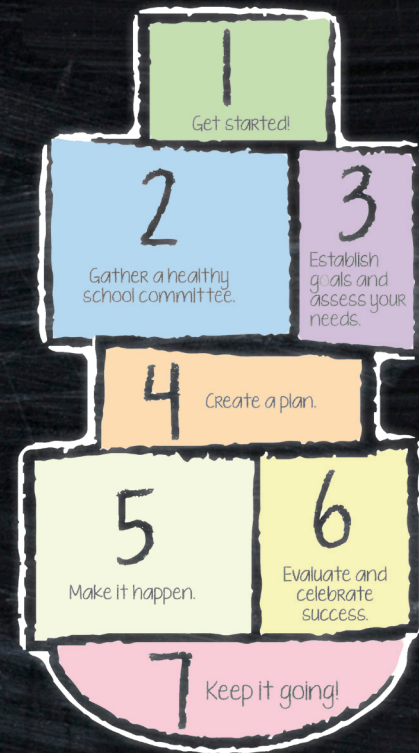

Ministry of Education's Foundations for a Healthy School

Aligns closely with K-12 school Effectiveness Framework

Goal: incorporate multiple foundations into school health initiatives

Pathway to Success

Bonus:

- ☑ improved family and community engagement
- ☑ healthy workplace leads to improved staff morale and productivity
- ☑ compliments school improvement plans
- ☑ facilitates implementation of Ministry of Education's policies/program memorandums (e.g. DPA, school Food and Beverage Policy, Concussion Policy)

Growing Success... Together

Public Health can help with:

- * creation of Healthy School Committees
- * planning, implementation and evaluation of comprehensive school health initiatives
- * applying for funding sources
- * health education supports and resources
- * linkages and referrals to community services and agencies
