

NOTICE

Drinking water provided at this premise has been found to contain HIGH LEVELS OF NITRATES.

Infants under the age of 6 months should not consume this water as it may put them at risk for methaeglobinemia ('blue baby syndrome'). **Do not use this water to prepare baby formula.**

Nitrates will not be removed by boiling the water.

The logo for HealthUnit features a stylized 'H' with a curved line above it, followed by the text 'HealthUnit' in a bold, sans-serif font.
