

Simcoe & Dunnville Clinic Public Health FREE Preventive Clinic helps your children prevent cavities and keep teeth and gums healthy.

- We can clean teeth
- Apply flouride
- Coat teeth with sealants
- Show your child how to brush
- Tell you about foods and drinks that are healthy for teeth
- Check to see if your child is eligible for programs

Your child can use the Preventive Dental Clinic if:

- He or she is 17 or under
- You can't afford dental care
